

COMSATS University Islamabad
Registrar Secretariat, Academic Unit (PS)

No. CUI-Reg/Notif-2879/24/2987

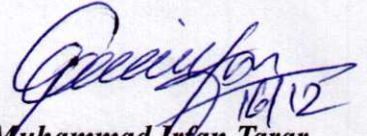

December 16, 2024

NOTIFICATION

The Academic Council in its 40th special meeting approved that NTS/GRE/HAT General/Equivalent Test conducted by the testing bodies accredited by HEC with passing score of 60% is mandatory requirement for admission in PhD program(s) at CUI. However, if required, the university may conduct/accept NTS/GRE/HAT (Subject Test) for admission in PhD program(s) **in addition** to NTS/GRE/HAT General/Equivalent Test.

Furthermore, GRE Subject Test is an additional requirement for a prospective student intending to gain admission in MS/MPhil or PhD program(s) from an Intra-disciplinary field, whereas GRE/HAT General or Equivalent is a fundamental requirement for the admission. Hence, a prospective graduate student coming from an Intra-disciplinary field must take two tests i.e. NTS/GRE/HAT General/Equivalent and the GRE Subject/Equivalent Test. However, if GRE Subject Test for a specific field/discipline is not available/conducted in Pakistan, then the university shall also conduct a test equivalent to GRE Subject test.

This partially modifies office notification No. CUI-Reg/Notif-1736/24/1795 dated July 26, 2024. This issues with the approval of the Competent Authority (Rector CUI).

Ch. Muhammad Irfan Tarar
Deputy Registrar
